

Corporate Profile

Personal Attention, Friendly Service

Welcome to "I Code Technologies Pvt Ltd", and thank you for considering us for your website needs. If you have any questions, please don't hesitate to contact us at your convenience.

We will work together to design a website that is attractive and informative, with due consideration to your individual needs. We can also help you with site redesign or a makeover of your present website.

Effective web design requires experience and understanding of many diverse areas, as well as the knowledge required to move beyond simple static web pages. I Code Technologies has that experience.

What makes us stand out from other web designers is our personal attention and friendly service. We will work closely with you to help you create your own individual image on the net.

About "I Code Technologies Pvt Ltd"

We started our services on 2000 as a Freelancer Technical Team and then from 2002 we referred with the name of "I Code Technologies Pvt Ltd", Based at **Bangalore, Coimbatore, Delhi & Singapore**. We have professionals, Functional and Technical domain expertise with up to date knowledge of Microsoft platform technology & Other Few open source Technologies.

We have recruited the best from the start. We built strong technical team. People who are curious and crave knowledge, and who constantly strive for excellence. Add to this our commitment to training and a collaborative work culture and the result is a high caliber team, diverse in backgrounds, genders, beliefs and approaches. Our team size is Twenty Five and our technical team keen on upcoming technologies by undergoing continual formal and self-training throughout the year.
